*In times of crisis, loss and suffering, how can we continue to live with a clear mind and a peaceful heart? Can adversity offer unexpected gifts? In this spare, translucent memoir, Edie Hartshorne presents a collection of finely rendered vignettes that explore these questions. Through the tragic and unexpected loss of her eldest son, Edie is guided by music, spiritual exploration, and a sensitivity for nature to discover her own inner strength. Her transformational journey unfolds like a living work of art, inspiring us to remain open to kindness and compassion even in the midst of suffering. Within these delicately portrayed shadows of love and death, of joy and sorrow, shines a tender light of hope, wisdom and love.*
