

BE LIKE MELTING SNOW...
A HEALING SESSION WITH

TIBETAN BELLS

Your vital life force, mysterious and powerful, needs only space and invitation to awaken. Integrating music with spiritual inquiry and guided meditation, I invite you to renew your spirit and find your own deepest wisdom. Held in my Japanese tea house, this session is excellent for finding clarity in periods of transition.

EDIE HARTSHORNE

is an accomplished musician whose work is used for healing in many spiritual settings. She has forty-years experience as a psychotherapist, and is also a certified Feldenkrais[®] practitioner (body work engaging the central nervous system for healing and repatterning of habits).
